BRING YOUR OWN DEVICE (BYOD) USE AGREEMENT

Dear Parents/Caregivers and Students,
Please complete the agreement below:

We understand that (please tick each statement):

- The device is brought to school to be used for educational purposes and at teacher discretion.
- Teachers will encourage the use of personal digital devices whenever possible and students will be able to use them for homework activities.
- The school's programmes will encourage students to become good digital citizens, who are technically capable, digitally literate and socially responsible when using modern technology.
- All devices brought to school by a child are the child's responsibility.
- A passcode or password will be set for the device.
- The insurance, maintenance, repair and virus protection of the device are the responsibility of the parent or caregiver.
- Devices should be clearly named, so the owner is easily identified.
- All devices must arrive at school each day fully charged.
- A device brought to school is for the use of the child who brings it. Sharing is not permitted.
- Students will use cloud-based applications such as OneDrive for file management.
- School Rules, including those in the school Cybersafety Use Agreement will apply. The school has the right to inspect files on any device brought onto school grounds. Files and software on the device are to be school appropriate. Apps or other software which are used to avoid internet filtering and/or bypass school network security are not permitted on any student or school device.
- Access to the school's Wi-Fi is for internet access only. Access to other network resources is available only on school devices.
- Any recording with any electronic device of teachers or students, including recordings with audio, video and/or photographs can only be done with the expressed permission of those involved.
- The ICT department will assist students with issues that may arise with their device, but repairs will need to be made under warranty and/or by a repair specialist.
