Mount Albert Grammar School

Junior Prize Giving

2021

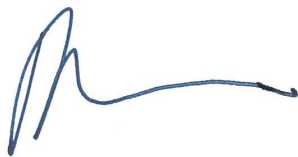

2021 marks Mount Albert Grammar School's 100th year and will also be remembered as the year that the Covid 19 Delta variant presented closures and challenges that have affected so many of our school traditions.

Not the least of these are the celebrations that would have been our Mount Albert Grammar School Junior Prize Givings. These events, traditionally held in our F.W. Gamble Hall on the last days of term, celebrate academic excellence and acknowledge and recognise student achievement.

As 2021 came to its academic end, with the Auckland region still operating within lockdown limitations, the school was unable to hold these celebrations.

Despite being unable to hold formal prize givings, it remains important to maintain the tradition of producing our Junior Prize Giving Programme recognising the recipients of academic subject prizes and Junior school special awards. This programme is evidence of student resilience and determination and also demonstrates the professionalism and stamina of our teaching staff, whose adaptability and determination sustained a platform for educational success.

Appreciation is due to each and every one of our MAGS students who continued to value the educational opportunities offered by their teachers and particular congratulations go to our award winners – well done to all.

Patrick Drumm
Headmaster
